**"This is one of the  
best museums in the state."**

- David Nystuen, Retired Field  
Services Coordinator for the  
Minnesota Historical Society!

# Hanley Falls, MN

Minnesota's Machinery Museum consists of five large buildings (25,000 sq. ft.) on a beautiful six acre site. The complex houses the state's largest collection of agricultural equipment and exhibits, recalling a century of farm life in stories and artifacts.

Stroll through a farm home kitchen, parlor, bedroom, a turn-of-the-century blacksmith shop and general store. Catch interactive computer presentations interpreting today's agriculture. Enjoy the collection of vintage automobiles, restored gas engines, and mint condition tractors dating back to 1912. Don't miss the railroad memorabilia, implements, tools, and excellent miniature and toy farm machinery collections.

Guided tours are always available, upon request, for any number of visitors. Special tours available for schools, including demonstrations. Collectors clubs are welcome and may arrange to hold meetings and rallies. Group tour hours are flexible. Please call ahead to arrange an individual, group or school tour.

- Campground with six pull through, full hook-up sites. Other sites with no hook-ups, and tenting space.
- Made in Minnesota Gift Shop includes Red Wing pottery, soybean candles, and limited edition commemoratives.
- Catered lunches or full meals at reasonable rates can be arranged for your group.

## Pioneer Power Threshing Show
